DEDICATION

The 1983-84 yearbook staff chose to dedicate this yearbook to our Director of Pupil Personal, Mr. William N. Mann. Mr. Mann has worked here at the LCJVS since 1972. He is our most senior staff member. As we interviewed Mr. Mann, he said that there were a lot of reasons why he liked working at the LCJVS but the most important was the attitude of the students. He said that the students at LCJVS are more mature than other students their age for they have goals in their lives.

What Mr. Mann enjoys most about working at the LCJVS is seeing the students here become successful. He likes to see students 10 years from now being successful in their businesses.

Before working here at the LCJVS, Mr. Mann was the Social Studies Instructor in Logan, Ohio in 1965-66, and he was also the Director of Guidance at the Lakewood High School in 1967-72. He majored in Social Studies at the Ohio University in Athens, Ohio and received a Bachelor's degree in June of 1965. He then majored in Guidance and Counseling at Ohio University and received a Master's degree in June of 1967.

We asked Mr. Mann if he had any special hobbies. He said he liked to play sports — mostly basketball. His other hobby is spending time with his two children, Tani (17) and Bill (13), and his wife Barbara. He enjoys going to his children's band concerts.

Mr. Mann also has many activities that he is involved with. He was the former President of the Lakewood Little League and also the Hebron Elementary School P.T.O. He was a former member of the Local PIC Subcommittee and also the Young Volunteers in Action Advisory Committee. He is now a member of the following: Newark Kiwanis Club; LICCO, Inc. Board of Directors; Lakewood Local Board of Education; Central Intake and Evaluation Interagency Team; and The Licking County Chamber of Commerce Personnel Managers Association.

As you can see, Mr. William N. Mann is a very busy man, yet he still is very dedicated to the students here at the LCJVS. We would like to thank you, Mr. Mann, for all that you have done.

THE YEARBOOK STAFF

A YEAR OF MEMORIES . . .

WHO WE ARE . . .

One of the biggest advantages at the L.C.J.V.S. is being able to meet students from other schools. New friends and acquaintances can be made almost every day of the week for the two years you attend. Not only do students come from Licking County, but some students attend from Knox County and Fairfield County. Ten public schools and one Catholic school provide the students for the J.V.S. These schools are as follows: Utica, Northridge, Lakewood, Granville, Newark, Heath, Johnstown, Watkins, Licking Valley, Licking Heights, and Newark Catholic.

Because everyone comes from different schools, students have different backgrounds and this adds to the uniqueness of the J.V.S. When students combine to form many different clubs and organizations, many interesting ideas develop.

At the J.V.S. students have an opportunity to enroll in 21 different classes. In the B.O.E. area students can enroll in C.O.E. or D.E.C.A. their senior year, or they can enroll in a two-year program in graphics, executive secretary, or computer and related technology. In Home Economics students can enroll in dental assisting, medical assisting, nurse's aide, early childhood education, food service, or cosmetology. The Ag. and Trades and Industrial areas offer auto body, auto mechanics, agricultural mechanics, welding, building trades, horticulture, and machine trades.

When we leave the J.V.S., we'll find that it was the variety of students and classes that made the J.V.S. a place for fun memories of people met, events happened, and educations learned.

To walk into a classroom at the L.C.J.V.S. is like walking into an actual work atmosphere. Students dress according to their respective professions. In the B.O.E. area students will be found in business attire. You'll see coveralls and safety glasses in the Agricultural and T. & I. areas. You'll find smocks in the food-service area, and appropriate uniforms in the cosmetology, dental, and medical areas.

Professionalism is mainly "the way it is". You develop skills on machines, equipment, and through activities that will help you with your chosen vocation.

Although much time is spent working or studying, students and teachers still have time to relax and enjoy themselves. This makes the L.C.J.V.S. a fun place to learn and prepare for an occupation after high school.

On these two pages take a look at the "way it is" — or seems to be. Remember, things are not always how they appear . . .

A school day at the L.C.J.V.S. consists of an hour and a half of related, where a student studies courses related to their vocational field, and a three-hour lab in which the student actually works on the equipment that he/she will use after graduation. The day is rounded out with an hour academic class and a half hour lunch.

Even though much of the day is spent in class, the three minutes between classes are spent visiting with friends, stealing quick conversations with your steady, or just relaxing. During lunch a popular place is the "pit" where you can play frisbee or even touch-football on a nice day.

Many students find their "niche" and meet new friends in many extracurricular activities. Students can join the yearbook or newspaper staffs if they're inclined towards journalism. Students may prefer to participate in our great parliamentary procedure team which participates in state and regional conferences. Emotions get heated during intramural sports time during which students can become active in the bowling league or the basketball league.

Each area also has its own club: O.E.A., H.E.R.O., F.F.A., D.E.C.A., F.H.A., and V.I.C.A. These associations organize competitions, charities, and parties.

Learning doesn't have to be boring, and at the J.V.S., it's not!!

WHERE WE'RE GOING . . .

Because we go to a vocational school, we prepare for a career in our chosen vocational field.

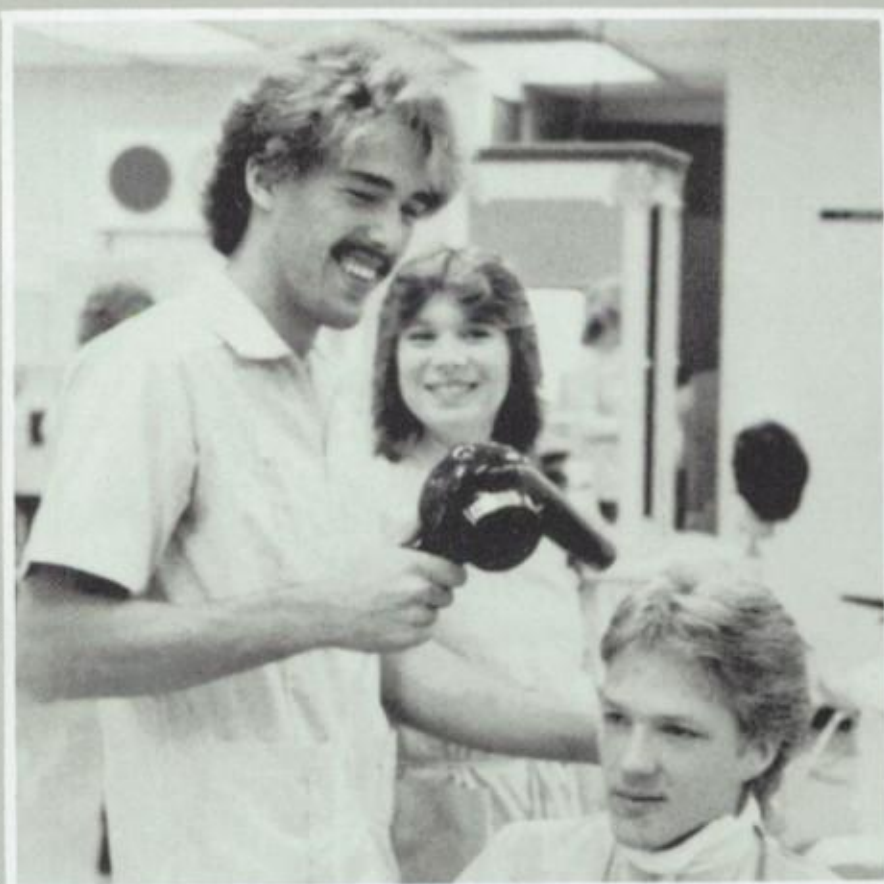

During our senior year, we have a chance to go on early placement. We then get a chance to find out what it's really like on the job. In all areas at the J.V.S., students get placed in the community. These early placement jobs, which are part-time during the school year, can turn into a full-time position after graduation.

Some students plan on going to a 4-year college or continuing their education at a 2-year technical school while continuing to work and support themselves.

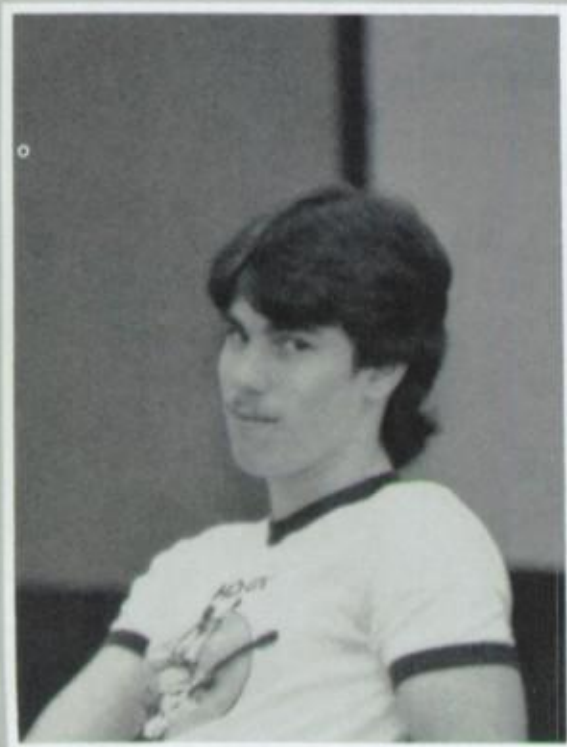

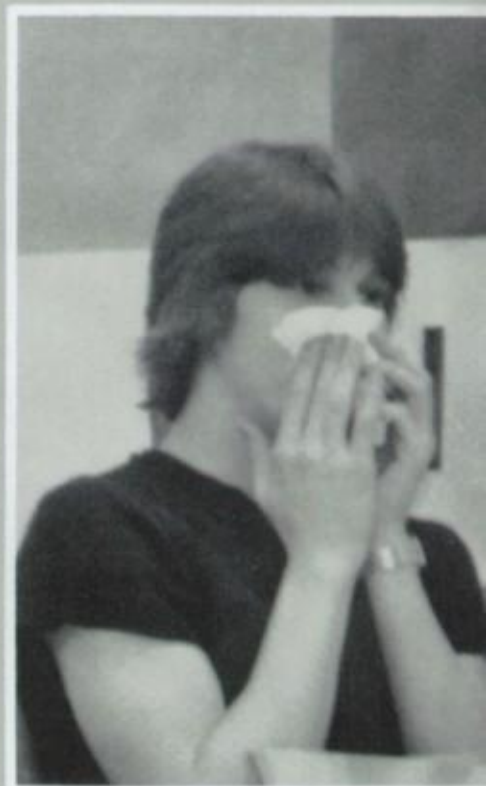

Many students dream of someday owning their own business. Thus, upon graduation some will branch out on their own once they've acquired the experience.

Because we come from an environment where professionalism and down-to-earth "good business" is stressed, we know that when we walk through those doors and say "goodbye" that we've earned the best education to get us started on that road towards our future career goals.

ONE LAST LOOK . . .

ADMINISTRATION

1983-84, A Special Year

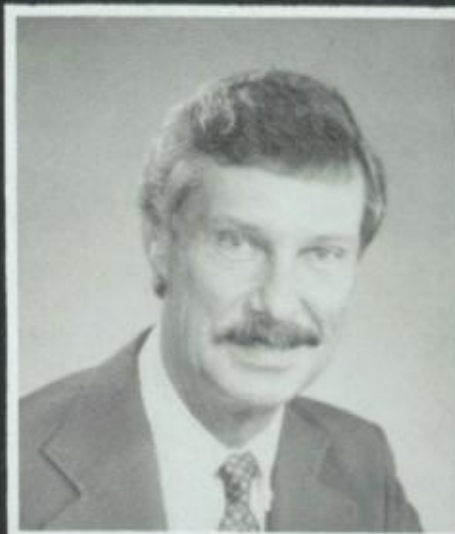

The 1983-84 school year was a special year to everyone at the Licking County Joint Vocational School. It was special for several reasons, the chief of which was the celebration of our first ten years of service to Licking County. That celebration, a timely and noteworthy process, was made more meaningful by the creative contributions of many students and staff members. It will be a year we will not forget.

The year was special, too, because of the unique young men and women who attended the school. As each person is different, each class of graduates is also different. The Class of 1984 was described by everyone who worked with them as one we could all be proud of.

No less special was the continued contribution of the Board of Education, staff members, and the many members of advisory committees who support vocational education at LCJVS. Efforts to be ready for the North Central Evaluation and PRIDE were outstanding and cannot go unnoticed.

While we cannot dwell upon the successes of the past, we are pleased to have experienced so many during this wonderful year.

IN MEMORY OF

*GINA MARIE LAWSON
OUR CLASSMATE AND
FRIEND*

LIFE'S ROAD

*We learn many lessons as each day goes by
There are songs to sing and a few tears to cry.
There are blessings to count, happy memories, too
And sometimes disappointment in things that we do.
There are cups that run over and years that are lean,
With bright days and dark days and long nights between
But one choice we can make
as we carry life's load
If we look toward the sun
how it brightens the road!*

— Shirley Harvey

F.H.A./H.E.R.O.

FHA/HERO is a vocational youth organization for students involved in home economics related occupations. At the LCJVS this year, we have 70 members who are from Early Childhood Education, Food Service, and Nurse Aide. Members were involved in activities relating to two state projects: Children's Hospital and the March of Dimes. We also attended district, regional, and state meetings.

Several FHA/HERO members competed in State Skill Events this year and did a great job of representing the LCJVS. The students are as follows:

- Teresa Humphrey (ECE II), 1st place Preschool activity Presentation
- Vickey Rice (ECE II), 1st place Preschool Learning Game
- Teresa Humphrey & Mary Armstrong (ECEII), 2nd place State Project Display
- Pam Bell (ECEI), 2nd place Job Application and Interview
- Jane Riley (Nurse Aide), 2nd place Patient Care
- Kim Beatch (Nurse Aide), 2nd place Recreation for Senior Citizens
- Janice Pierce (Nurse Aide), 2nd place Job Application and Interview
- Tracy Shires (Food Service II), 3rd place Salad Production
- Kim Perry (Food Service I), Honorable Mention Dining Room Service

Activities

A NIGHT FOR

The 1984 JVS Prom turned out to be a memorable evening in every way for the students. As soon as you walked through the doors you could feel the excitement. The theme "Straight From the Heart" was expressed well by the heart decorations. The featured band, Black Leather Touch, put on an electrifying performance. The fire and the smoke effects accented the music.

The highlight of the evening was the crowning of the queen and king. The hopes of Lori Bebart came true when she was crowned, and the fortunate guy crowned was Dave Kincaid. The king and queen celebrated their reign by sharing a dance.

By the end of the evening, everyone had seemed to enjoy the prom straight from the heart.

WHAT IS GRADUATION

Graduation is a milestone in life. It is an ending and beginning. It is a stepping stone from the past with its hours of study and its marvelous moments of fun to a new and somewhat different life filled with great challenges and responsibilities. Graduation is a sad and glad time of life when we must say "Farewell" to fellow students and faculty and look ahead to new friends and acquaintances in our chosen profession. It is a time of laughter and tears, praise and witticism, orations and reflections. It is a day to be dead serious and lighthearted, enthusiastic and apprehensive. It is leaving behind the old well-traveled ways and setting out on new, unexplored roads, knowing that we are equipped, through years of diligent study, work and application, with the tools necessary to make our way. Graduation is a proud and wonderful time of life, a happy and unforgettable event, sprinkled with moments of deep contentment, satisfaction and high hopes for the future. Yes, graduation is an end — and a beginning.

BEHIND THE SCENES

B STAFF

There's no other way to describe what the staff went through this year than to say it was filled with "blood, sweat, and tears"!!

Even though we were an inexperienced staff, we worked and worked to try to put together an exciting yearbook. We got off to a late start this year, even though we thought we were ahead. However, things crop up and we didn't realize the time that would be needed to layout, alphabetize, crop pictures, write copy, type copy, make mistakes, and start all over again. But we made it. Some people feel we have lost our sanity over this. But we haven't because most of us will be back next year to do it all over again.

We would like to thank all the teachers and staff who were extremely patient with us while we were taking pictures in their classes, during group picture day, and our sales campaign. You really helped us out a lot.

Finally, we would like to thank Miss Utley for all her hard work. She learned "the ropes" right along with us, and we appreciate that.

Looking forward to seeing you next year.
